

# BENJAMIN PITTMAN

## OBJECTIVE

---

Web & Graphic Development

## QUALIFICATION

---

Through the completion of two Associate's Degrees, nearly three years of professional experience and over 9 years of experience with development software, I have gained a passion for design excellence and a strong eye for color, layout, and artistic feel of a page, as well as a strong understanding of web application programming. My current skills, my eagerness to learn new ones, and my quick adaptability to new concepts make me a perfect candidate for any development position.

## SOFTWARE SKILLS

---

Adobe Photoshop	PHP
Adobe InDesign	MySQL
Adobe Illustrator	JavaScript
Adobe Dreamweaver	MooTools / jQuery
Adobe Flash	W3C HTML
CSS	ActionScript

## EXPERIENCE

---

### ***Developer / Designer - Carr Knowledge, Inc.***

July 2009 - Current

Starting in July 2009 as a full-time Contractor for Carr Knowledge, by January 2010 I was hired as an employee, and placed in full charge of all of projects for the company's largest clients. I brought in new ideas and technologies to the company that drastically increased product quality and efficiency.

### ***Lead Developer / Designer - Cobalt Coyote Creative***

March 2008 - April 2009; May 2009 - July 2009

As the lead developer at Cobalt Coyote Creative, I was in charge of the design, production and implementation of various Web Applications, ranging from basic Brochureware sites to full Web-based business applications, as well as coordinating junior employees and assigning tasks as needed.

### ***Junior Developer - Screenplay, Inc.***

April 2009 - May 2009

Working as a Junior Developer for Screenplay, Inc., I assisted in the testing and development of internal Python applications for the company's systems and process.

### ***Graphic Designer - White Light Publications***

June 2007 - June 2008

As a Graphic Designer on the Northwest Cars & Trucks Magazine team, I assisted in the creation of new Dealer Advertisements and updating current Advertisements with new content for upcoming issues. I assisted in the creation of two issues per week.
